## DYNAMIC 3TiBASE® NEW COMPATIBILITY

We are constatly developing new compatibilities for the Dynamic TiBase 3.0. This is the new compatibility available: DENTAURUM TIOLOGIC RP.

New form available on DAS web site to request the file for the libraries.

Also available on our web our practical user guides that explain step by step how to design with each CAD library. Moreover, you can take advantage of our technical support and personalized attention.

**Our team is always at your disposal!**

## NEW Direct Line

THE LEADING DENTAL EXHIBITION AND CONFERENCE IN THE ASIA PACIFIC

**BOOTH 4G-09**

## DASEVENTS

### KRAKIDENT

We were recently at the Krakdent Fair in Poland with our dealer KTI Implants. We take the opportunity to do a training in Natrodent – Profesjonalne Systemy Protetyczne. We want to thank all the Natrodent team for their warm reception and all the assistants for their kind attention!
